THE GRENADIER GUARDS

Refuse to go on Parade in Full Marching Costume.

LONDON, April 21.—The Grenadier Guards are again insubordinate. At 8 o'clock this morning the third battalion of the Grenadier Guards, now stationed in Chelsea barracks, in this city, were ordered to parade in full marching order. The guardsmen, who have been in a sullen mood for some time, refused to obey the command of the officers. The latter held a hurried consultation and it was decided to communicate with the men through the noncommissioned officers of the battery. The arguments of the latter had some effect upon them eventually, and after a period of waiting, four companies of the third battalion moved out on parade in a slovenly manner and showing every possible mark of discontent and anger. The remaining companies, however, refused to leave the barracks. The officers of the third battalion then held a second communication, after the war office had been notified.

The oldest members of the discontented portion of the battalion, and men having the longest service terms, have been placed under arrest. It is understood an investigation will be ordered. Discontent among the guardsmen has been steadily on the increase for a long time past. It is claimed by the mutineers that the issuance of orders to the battalion to parade in full marching order on the day when men are expected to mount guard at the palaces, etc., as was the case to-day, is unprecedented. The men also assert that they have long been subjected to excessive drilling, for which there was no necessity, but which was solely for the convenience of officers who are thus enabled to leave London on pleasure excursions. Popular sympathy is with the Grenadiers. It is only about a year since the second battalion of this famous command, which was quartered at Wellington barracks, near Buckingham Palace, broke out in open mutiny, and were, in consequence, ordered to Bermuda, where they are now. It was supposed at the time, that so significant a circumstance as a manifestion of insubordination by the Grenadier Guards would cause an investigation to complain of the treatment of the British soldierly. The excitement in military circles is equalled only by the chagrin of the public that so thoroughly a disciplined body of troops as the guards were supposed to be should have furnished two such startling instances of open mutiny within a year.

OTTAWA NEWS.

Protests Against the Elections of Sir Hector and Sir Adolphe.

OTTAWA, April 21.—Protests have been received against Sir Hector and Sir Adolphe, for the former's election in Richelieu and Three Rivers, and the latter's election in Rimouski and Chicoutimi, and Saugenay. They were returned for two constituencies each.

A memorial was received yesterday by Lord Stanley, from the British Columbia Government, asking for more restrictive legislation against the Chinese.

A full meeting of the cabinet was held here to-day, Hon. Messrs. Smith and Abbott both being summoned to the city. The probability is that Senator Abbott will be appointed to Col. Colby's place, the latter retiring from public life.

Another report of the death of a Belgian at Wellington, reached this city on Saturday night. It is stated the man met his death in No. 4 pit, from a premature explosion of a shot. The accident occurred on Friday and the injured man lingered until Saturday.

Catarrh is not a local but constitutional disease, and requires a constitutional remedy like Hood's Sarsaparilla to effect a cure.

CONTEMPLATED CHANGES

IN THE TRANSPORTATION LAWS OF THE UNITED STATES.

How the New System will Affect Canadian Railroads—Secretary Foster Gives the Reason for the Changes—The Crew of the Steamer West Indian Desert.

WASHINGTON CITY, April 18.—Secretary Foster was asked to-day about the proposed changes which it is said were contemplated in the present system of transportation through the territories of the United States, of goods shipped over Canadian roads under consular seals. The secretary replied the department did not want to injure the business of the Canadian roads; the single principle which the department wanted was the protection of American revenues. The department would treat these goods precisely as if they were entered at New York or any other American port destined for an inland Eastern house. The department proposed to make as few exactions and to interfere just as little with traffic as is possible and consistent with the purpose.

Secretary Foster has decided to suspend the consular seal system on cars, and adopt the system of locked cars and manifests, which it is believed will be better all round. The change is the result of an investigation instituted by Secretary Windom, which showed that the government was losing money and merchants losing goods under the seal system. Nearly the whole time of the United States consuls at some points in Canada is taken up sealing cars for the transportation of goods in transit to the United States. Moreover the traffic has grown to such proportions that it is beyond the ability of the department to make sure in all cases of goods not dropped at points within the United States. Under the new system cars in transit will be stopped at the nearest port on the border and examined by the treasury officers, who will place upon the cars the treasury locks

Appointments for Alaska.

WASHINGTON, April 21.—Edward T. Hatch who was recently appointed collector of customs for the district of Alaska, has promised to appoint as deputy collector at Juneau, Frank A. Ward, of Astoria, Oregon. Treasury officials believe that the present deputy at Juneau was implicated in violating the liquor law. It is believed that he allowed the entry of liquors, well knowing they were intended for use in saloons. It is said that in Juneau, a town of about 1500 people, there have been 48 saloons in full blast, and no attempt was made by the public officials to suppress them. It is also understood at the Treasury department that this deputy, as well as the district attorney, and territorial judge, are bondsmen for several saloon keepers. So far no other appointments have been agreed upon. Collector Hatch will be influenced by the Oregon delegation, all of whom are now in this city. Two additional deputies will be designated by him to be stationed at the new ports. Senator Plumb is backing a Kansas man for one of the places, and Representative Lind will also secure one appointment from Minnesota.

New Guard for the Coke Region.

PITTSBURG, April 21.—A squad of 100 Pinkerton detectives arrived in this city early this morning from Tyron, Pa. The men are originally from Chicago and other western cities. They refused to name their destination, but after breakfasting at the Union Station they boarded a train on the South Western Pacific Railroad, which is the direct route to the coke reigons. They had with them 20 cases of Winchester rifles, and each case contained sixteen weapons of 44 calibre. It is learned these men have been sent into the coke region by operators, who are not satisfied because of Governor Pattison's declination to keep more of the NationalGuard on duty in the coke region.

The Crew Desert.

SAN FRANCISCO, April 20.—The captain of the British steamer West Indian, which is about to go into the coast trade, found this morning that his entire crew had deserted his ship, and he was left at the mercy of the Coast Seamen's Union. This ship carried men under contract for three years. They were paid $30 a month. The rate fixed by the Coast Seamen's Union is $45 a month. The union told the captain he must pay union wages if he went into the coast trade. But the captain refused to do so, on the ground that his men were under contract.

Banff Hotel Opened.

BANFF, N.W.T., April 21—The Banff Springs Hotel was opened to-day for the season of 1891 by Mr. W. L. Matthews with an efficient staff selected in Toronto and Montreal. The first arrivals are: Lieut. Schwatka, the Arctic explorer, Mrs. Schwatka and child, of Rock Island, Ill.; Mrs. McEwan of Chicago; and Dr. Seward of New York.

Disastrous Floods.

QUEBEC, April 18.—The Chaudiere valley, one of the richest farming districts in the Province, has been completely inundated by a rise in the Chaudiere river, and serious damage is reported. Scotts Bounce and other populous centres will suffer heavy loss.

Colored Preacher Dead.

ROCHESTER, N.Y., April 18.—Rev. Thomas James, colored, who was born a slave in 1804, died to-day. He was one of the most widely known preachers in the United States. In 1837 he ordained Fred Douglas, just released from slavery.

Railway Earnings.

BOSTON, Mass., April 21—The Union Pacific Railways' February statement shows the gross earnings for the whole system in February to be $2,779,026, an increase of $49,502. The net earnings are $73,509; increase $49,652.

NANAIMO NEWS.

The Wrestling Tournament a Success—Y. M.C.A. Debating Society.

NANAIMO, April 20.—The opera house was well filled on Saturday night by an enthusiastic audience, to witness the wrestling tournament between a number of local amateurs. It was expected that Victoria would be represented by a couple of men, and many were disappointed at their non-arrival. The first two men to come together were Stewart and Ross; the latter was soon vanquished and the first fall allowed to Stewart. Next came Thomas and Love, who were evenly matched, and the contest proved very interesting, but was eventually won by Thomas, after 40 minutes' hard work. McLeod then made his appearance with Rice and was greeted with loud applause. These two gladiators gave an interesting and clever exhibition, much to the delight of the audience. The final bout was between Thomas and Stewart, and was easily won by the latter. Choke holds were barred, but Stewart clearly showed that he was far the better man. The winner took $150 and the loser $50

Y.M.C.A. DEBATING SOCIETY.

The announcement that "Phrenology" would be the subject of the debate in the rooms of the Y.M.C.A. on Saturday night, was sufficient to draw a large attendance to hear the debate. Mr. Hodgson, a prominent member of the phrenology class, in this city, took the affirmative and handled the subject in a clever and able manner, and displayed considerable knowledge of the question of phrenology. He was repeatedly applauded by the audience, but as it was lengthy, many escaped from the room. Dr. Hall took the negative and endeavored to show that phrenology was neither a science nor an art, and, therefore, could not be relied upon. He quoted authorities in support of his argument, but many present failed to understand the terms used in his quotations. On a vote being taken the result was, for the affirmative, 24; against, 27.

SONS OF ENGLAND.

The Sons of England turned out in full regalia last evening, and marched in procession to St. Paul's church, where a special sermon was preached by the Rev. E. G. Miller, for the occassion. The procession was a very pretty one and the announcement that they would attend church attracted many of the citizens hither. The little church was densely packed and an additional number of chairs had to be brought into requisition and placed along the aisle to enable many to sit down. It is almost time the church officials took some steps towards enlarging the building.

THE DUNSMUIR'S LAND.

It is rumored that the land on Newcastle townsite, which at present is being surveyed by a party employed by the Dunsmuirs, is to be placed upon the market shortly at a very low figure. If the rumor is correct, as stated by real estate agents in this city, then there will be a grab for the land. The land in question is part of that in dispute and which has been fought for so long in the law courts.

THE TRAMWAY.

NANAIMO, April 21.—The citizens of Nanaimo appear to take great interest in the proposed electric tramway throughout the city and district. Many are anxiously enquiring when the stock will be placed on the market, and when ever it is, no trouble will be experienced by the collectors in obtaining sh reholders. The directors have announced their intention of giving the first chance of investment to the citizens, and it is presumed that sufficient capital to carry the project through can be had here without having to go outside for the money. Everybody is trying to get hold of a few acres of vacant land along the route which has been laid out for the line, but so far they have not been successful. It is believed when the line has been laid down property will increase to three times its present value.

DEATH OF JAMES T. O'BRIEN.

The death of James T. O'Brien, the senior member of the firm of O'Brien & Dunlap, of the Shamrock livery stables, took place at his residence Sunday night, after a protracted illness of many months. The funeral took place this morning, and was followed by a large number of those who had known him in life. The fire department, of which deceased was a member, turned out in full dress and escorted the cortege to the cemetery. The deceased was 37 years of age and a native of Iowa, U.S. He leaves a wife and two children to mourn his loss.

TEXADA AGAIN.

The Texada Gold & Silver Mining Company, resolved at a meeting held last week, to commence work again on their claims at an early date. A number of men have been engaged and will take steamer this week and proceed to the island. One difficulty they will have to contend with this year is the absence of a regular steamer communicating with the island, unless a boat is soon put on the route. The work of boring for coal in Gilles Bay is said to be progressing favorably, but so far nothing of importance has been met with.

STOLE A KEG OF PORTER.

Jean Baptiste Vanerke, a Belgian miner working at Wellington, was charged before Mr. J. P. Planta S.M., with stealing a keg of porter on Sunday last from a neighbor residing near him. Defendant admitted the theft, but in defense stated that some one threw it at him, and smashed his big toe in doing so, and to get even for the injury received, he determined to stick to the porter. The bench, however, decided to get even with the thief, so he was sent to goal for three months. Several cases of drunk were disposed off by a nominal fine.

A banquet will be given by the Sons of England on Thursday night in honor of St. George's Day

The general committee have been selected for the sports on May 24th.

EUROPEAN DISPATCHES.

ENGLAND'S COAST DEFENCES DENOUNCED.

English Government will not Legislate Against Emigrants—Social Intercourse Being Cultivated Between Russia and France—Count Waldersee.

LONDON, April 21.—English military men are discussing the subject of England's coast defences, which, it is said, have been greatly neglected. The condition of the sea defence at Portsmouth is denounced as disgraceful, the forts being obsolete affairs, with old-fashioned guns that would amount to very little against an enemy. Yet Portsmouth is acknowledged to be of the greatest importance as a naval base in the event of war. Englishmen generally are beginning to believe that trouble is coming on the continent and there is a strong feeling in favor of getting Great Britain ready for a possible share in it.

WILL TAKE NO ACTION THIS SESSION.

The Government has concluded at this session of Parliament not to bring in any measure restricting emigration to Great Britain, but to maintain a careful supervision of the number and course of immigrants with a view to future action. This is disappointing to English workingmen, who have pronounced strongly in favor of legislation against the importation of pauper and destitute aliens.

SOCIAL AS WELL AS POLITICAL RELATIONS.

Social as well as political intercourse is being cultivated between Russia and France. Prince Sergius Guiltzno, president of the Jockey Club of Moscow, has come to Paris with the object of establishing relations with the French Jockey clubs. The Minister of the Imperial Russian court and of the State Studs has, it is said, requested Baron De Morenheim, the Russian ambassador in France, to use his influence to facilitate the mission of the Prince.

NEW GOVERNOR FOR ALSACE-LORRAINE.

Advices from Berlin state that no doubt is entertained in well-informed circles that Count Waldersee will be appointed Governor-General of Alsace-Lorraine, to succeed Prince Hosenlohe. The post would be most important in the event of war, and the Kaiser is known to have high confidence in Count Waldersee's military capacity, as well as his tact for civil management. It is said that the Countess Waldersee is very anxious to leave Altona and that unless the prospect of a change existed she would induce her husband to resign

MORE RAPID COMMUNICATION.

The King of Sweden has sent experts to Germany to study the question of more rapid communication between Sweeden and Germany. The new route will be from Treeceborg or Ystad via Rugen to Straslund.

HE TAKES AN OCCASIONAL RIDE.

Dorman, the Frenchman, who is walking from Paris to Moscow on stilts (or pretending to), is using the railway cars at intervals, according to the German newspapers. The last seen of him he was taking a train for the Russian frontier at an obscure station in Posen. In Russia it is expected he will resume his stilts.

SPAIN'S SUNDAY LAW.

The Conservative government of Spain has introduced in the Cortes a radical measure affecting Sunday labor. The new law absolutely prohibits Sunday labor for persons of both sexes under 18 years of age, and for adults also, unless otherwise expressly stipulated. Sunday labor is entirely prohibited in works carried on under municipal or state contracts.

THE NEW RUSSIAN LOAN.

The new Russian loan of 600,000,000 francs at three per cent. will probably be issued at 84, in Berlin, Paris and London. A syndicate, including the Rothschilds, is handling the loan, and the latter are harshly criticised for aiding a government which unmercifully persecutes the Hebrews in Russia.

MIGHT BE SENT TO SIBERIA.

The Russian Pope who went from St. Petersburg to San Remo, to marry the Grand Duke Michael to Countess Meremeberg, has been suspended by order of the holy synod from the functions of his office, and is in some danger of a journey to Siberia.

THE COUNTESS PROSTRATED.

Countess Meremeberg is said to be utterly prostrated by the results of the marriage and her husband is nearly insane through the death of his mother and the circumstances which led to it. The countess is described as one of the most beautiful women in Europe, but that she clearly shows the negro blood of her ancestery.

GERMANY'S TROUBLE AT THE CAMEROONS.

Dr. Zentgraff, who was in command of the German expedition at the Cameroons, has recommended to the Imperial Government that the natives on friendly terms with Germany, should be armed by Germany and that roads should be built for the development of trade. The hostile natives are so numerous and courageous as to threaten the existance of the settlement.

A New Jewish Colony.

PARIS, April 21.—It is stated here that Baron Hirsch, the great Jewish banker, has purchased an immense estate in Penny, where he will establish a colony of Russian Jews.

THE RING.

JACKSON MAY NOT BE READY.

SAN FRANCISCO, April 20.—The important question among patrons of boxing at present is whether Peter Jackson and John Corbett will meet in May in the California Club ring. Jackson has not yet fully recovered from the injuries to his leg, and to use the words of his trainer, Sam Fitzpatrick, "he may be all right in a day or two and may not be able to work for two weeks yet." The chances are that Jackson's sprain will prove more obstinate than was at first expected. He will be compelled to ask the California Club for a postponement of the match for some weeks. There is no forfeit money up for the appearance of the men on the date first agreed upon, May 21.

BASEBALL.

BASEBALL IN ENGLAND.

Manager Leech Maskrey, of Tacoma, has some very interesting experiences to relate of his efforts, at the instance of A. G. Spaulding, to establish baseball in England last season. A league of four clubs, in Birmingham, Stoke, Preston and Derby, was formed, all of which, except Derby, were backed by American capital. With the exception of several instructors from the United States, nearly all the players were Englishmen, many of whom were picked from the football players, in which Great Britain abounds. Most of them at the start had never seen a game of ball, and, of course, could do nothing with curve pitching. Consequently to equalize the playing strength of the clubs and thereby increase the interest in the games, it was mutually understood that none but English pitchers should be used. The Derby club, however, which was under the management of Will Bryan, an old-time American ball player and foot racer, used a professional battery, consisting of Bullas, a catcher formerly with Toledo, Chattanooga and other teams, and Reitenbach, a pitcher, with whom Seattle people will have a chance to become acquainted, as he will pitch for Port Townsend this year. Finding that the native players could do nothing against a professional pitcher, the other clubs prevailed upon Derby to take Reitenbach out of the box for a time. Finding, however, that his team was losing, Bryan put him back, which caused a dispute, and resulted in Derby withdrawing from the league.

The salaries paid the English players would be considered ridiculous even in the smallest minor leagues of this country. Maskrey, who managed the Preston club, paid one of his men one pound twelve (about $7.50) a week, and the others a pound ($5). The prices of admission to the games were in keeping with the salaries. At first sixpence was charged, but finding this too high to suit the plebian ideas of the audience, the admission was reduced to threepence. So absolutely do cheap rates hold sway in England that when the admission fee to championship football games, which attract thousands of people, was raised from threepence to sixpence there was a howl of indignation raised.

HOW THE TEAMS AVERAGE.

A comparison of the work of the Seattle and Tacoma teams in the series just ended, shows that Seattle has won on the merits of the game, as she excels in all departments. The following figures will serve to compare the work of the two clubs:

	A.B.	R.	1B.	2B.	3B.	P.O.	A.	E.
Seattle	171	42	56	18	22	105	53	13
Tacoma	135	21	35	8	11	108	55	21

Seattle made 15 earned runs, Tacoma 5. Seattle made 12 two-base hits, 1 three-base hit, and 1 home run, making the total number of bases on hits 73; Tacoma made 5 two-base hits and 1 three-base hit, making the total bases 42. Seattle has made 4 double plays; Tacoma 3. Seattle has been retired on strikes 8 times; Tacoma 13 times. Seattle took first base on called balls 12 times; Tacoma 13 times.

The batting and fielding averages are:

	FIEL'G.	BATT'G.	TOTAL AV.	BASES.
Seattle	.923	.327		.427
Tacoma	.872	.250		.311

THE CRY OF MILLIONS

OH, MY BACK!

STOP IT NOW,

SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bent over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the DRAGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as I have been.

UNION ECHOES.

ial Tea and Entertainment—Impromptu Speeches—New Postoffice, etc.

The Union Choral Society held their st social on Tuesday evening last, hen nearly all the members were pres- t. In the unavoidable absence of the esident, Mr. F. D. Little, the chair as taken by Vice-President Thomas ussell, who discharged his duties in a ry able manner. In his opening re- arks he said that since the formation the society in January last, the embers had made considerable pro- ess, and he trusted they would go on proving till Union would have one the best choirs on the Island. He ncluded by expressing the wish that eryone present would thoroughly en- y themselves. The programme was follows:

PART I.

mn—"All Hail the Power of Jesus' Name" ..... Company
dress ..... Chairman
ction—Organ ..... Miss L. Turnbull
g—"The Cameron Men" ..... Mr. W. B. Walker
citation ..... Mr. A. Lindsay
ng—"Call Me Back Again" ..... Miss E. Wilks
ading ..... Mr. Thomas Harris
lection (organ and concertina)—"Let the Hills and Vales Resound" ..... Messrs. E. A. Parker and J. B. McLean
ng—"My Country" ..... Mr. Thomas Russell
ng—"The Boys are Marching" ..... Mr. William Mitchell
ng—"Idle Days in Summer Time" ..... Mr. E. A. Parker
promptu speaking by male members, five minutes allowed each speaker
Refreshments

PART II.

ng—"Little Maggie May" ..... Mr. John Denton
mic Speech—"Our Old Friend" ..... Mr. J. W. Jamieson
ng ..... Miss N. Pickett
g—"Mellow Horn" ..... Miss Della Young
citation ..... Master W. McKay
o and Chorus—"The Model Church" ..... Mr. James Nicholls
g—"My Happy Home" ..... Mr. W. H. Campbell
ection—"The Swanee River" ..... Messrs. E. A. Parker and J. B. McLean
citation ..... Master R. Lindsay

The conductor, Mr. McLean, has now t together a very nice choir, number- g some 30 voices. The performance the whole was one of the best that young people of Union have had the portunity of listening to, and clearly ows that particular attention has been id to the instruction given them dur- g the last three months. The tonic- -fa system of music is used by the oir.

The selection by the organist, Miss rnbull, elicited well-deserved ap- use. Mr. Walker's song was rend- d in his usual good style. Miss lks, although suffering from a cold, gnicely. Messrs. Denton, Camp- l, Russell, Parker and Mitchell, each g with marked effect. The latter ng enchored, amused the company informing them in a serious way t he was suffering from an overdose Scotch haggis, and could not attempt other song. Master A. Lindsay's itation was given in a masterly man- r, and showed that considerable pains been taken to render it as required. e selection of Messrs. Parker and Lean was also applauded. The in- uments sound well together. The promptu speaking seemed to the chief feature of the pro- mme, as the subjects, eight in mber, were chosen by the ladies. lining," was drawn by Mr. Harris; ashing Dishes," by Mr. Jamieson; ong or Short Courtship," Mr. Mitch- "Matrimony," Mr. Parker; "What othing," Mr. Walker; "Single Life," Turnbull; "Farming," Mr. Camp- l, and "What is Love," by Mr. Nich- . Blanks were drawn by Messrs. nton, Russell and McLean. Five nutes were allowed each speaker, considerable amusement was sed by their efforts to explain the ious subjects in hand. Mr. Jamie- 's comic speech was excellent, and twenty minutes he kept the audience roars of laughter. Owing to the ness of the hour, the programme s necessarily cut short, but on the ole the performances were good and ke well for future occasions. The ompaniments were played by Miss Turnbull and Mr. E. A. Parker. tes of thanks were accorded to the es for their excellent tea. To Mr. dsay for lending dishes, &c., for the , and to the chairman for presiding. singing of the National Anthem ught a very pleasant evening to a se at 11 p.m.

THE NEW LAKE SLOPE.

he work of erecting the electric ing plant at the lake slope is pro- ssing satisfactorily. The steam ers, for engine, and electric engine already in position, and the rest of machinery, including a couple of powerful hauling engines, are expected to arrive soon. The electric light was turned on yesterday (Wednesday) for the first time, and gives every satisfaction.

NEW POST OFFICE FOR UNION.

Up till now the postal work has been carried on in a department of the general store, but we learn that a new building is about to be erected by the company at an early date.

THE INFLUENZA AGAIN.

Influenza has made its appearance again, and many persons are ill and unable to work. It is said that 100 Chinese are affected by the aforesaid trouble.

OUR SCHOOLMASTER.

We are pleased to state that our respected schoolmaster, Mr. Gilchrist, who has been seriously ill for the past few weeks, is now steadily improving under the care of Dr. Young.

THE UNION HOTEL.

The above new hotel, recently opened by the Company, is a splendid building, and under the able management of Mr. Sam Davis is doing a fair trade. We learn that the hotel will be closed on Sundays.

WILFUL MISCHIEF.

During the Choral Society's entertainment on Tuesday evening some young men threw a box of fire-crackers into the anti-room, smashing some dishes and destroying the eatables left over from the tea. Some clothing belonging to the ladies was badly burned. The matter has been placed in the hands of the police, and as soon as reliable evidence can be produced, the young men who were implicated in the outrage will have a taste of the law.

Supposing.

Supposing you suffer from some disease. Suppose it is dyspepsia or biliousness or constipation or bad blood. Suppose you learn that Burdock Blood Bitters has cured thousands of cases of these and similar complaints. Don't you suppose you ought to try it? It cannot harm you, and in nine cases out of 10 it cures.

CONCERNING CABINET MINISTERS' VERACITY.

Last Wednesday the Premier and the Attorney-General exchanged opinions as to each other's veracity. The bone of contention was the Sunday law and how it worked. The Attorney-General declared, in effect, that the law in Ontario was a dead letter; the Premier characterized the Attorney-General's remarks as "rambling, raving statements, exaggerations," in short, lies. The Attorney-General retorted that anyone who was familiar with Ottawa would corroborate him. The question now arises, how do these gentlemen—members in the same cabinet—want their opinions of each other construed? Would they have the public believe that they were in dead earnest or would they rather that their individual estimate of each other be taken in a Pickwickian sense. This is important. Unless these gentlemen would have the public interpret them literally they had better come out over their own signatures, expressive of their true estimate of each other's capacity for truth telling. As a matter of fact, however, if both men live up to their professions, they are far from qualified to express an opinion of the effectiveness of Sunday laws. How should men who observe Sunday know whether the back doors of saloons are open or not on that day? They are *told*. This will not do! The Chief Justice would rule out such evidence as that. Second-hand evidence has no value. Neither the Premier nor the Attorney-General are trustworthy witnesses as to Sunday observance in Ottawa, except that during their visits to that city they took a "run with the boys." But heaven forbid that they should have done such a thing. It is better to think of the Attorney-General as having been *told* how Sunday was observed in Ottawa, and of the Premier as having *guessed* at it.

To dismiss this subject, we may observe that the skin of politeness is no thicker on politicians that it is on the press. Had the TIMES designated the two functionaries in question as liars, it would have been called another instance of the license of the press. Now, however, that these two colleagues have gone further than the press would either dare or care to go, let it be understood that the difference between journalists and politicians in point of common politeness is rather in favor of the former.

ASSISTED IMMIGRATION.

Mr. ALEXANDER BEGG has been interviewed by the Canadian Gazette with regard to his Crofter British Columbia Emigration scheme.

"What I propose to do," said Mr. Begg, "as soon as we get the money" (£150,000) "is to take out a pioneer party of say thirty or forty persons consisting of workingmen, fishermen, and those best suited to repare for the reception of the first batch of families. I have already many applications from the north generally—Sutherlandshire, the Lewis, Caithness, and Shetland—though it is of course chiefly from the most congested districts that the 1250 families will be gradually drawn during the next six years. And I need hardly tell you that we recognize to the full how all-important it is to select the Colonists with the utmost care. The British Columbia Government is becoming responsible for a considerable sum of money upon this experiment, and is not likely to leave any stone unturned to promote the success of the scheme."

The Crofters will be settled in the valley of San Juan, where he says twenty or thirty thousand acres have already been set apart for them.

"Each family is to receive £120, and will repay principle and interest on exceedingly easy terms, stretching over a period of twenty-five years. Indeed, the repayment for each family would probably be somewhere between £7 and £8 per year—such an amount as a servant girl might almost pay out of her wages if she went into service. We know what difficulty is arising in the Northwest in respect to the repayment of such loans, and we shall take very good care that the Crofters thoroughly understand the terms on which their settlement is being effected. They will be made to realize that it is a question of working honorably up to their engagements or suffer the consequences.

"Of course, it will be obvious to anyone who understands anything about colonization that £120 per family will only go a small way to to establish such a Colony as we have in view. Think, for instance, what a saw-mill costs, and how much would have to be spent in proper machinery and materials for the boat building, fish canning, &c., which will be an essential feature of the settlement. It is on this account that in the evidence before the committee it was suggested that a joint stock company might be formed to assist the colonists to find markets to pay them for their labor and generally to take in hand the organization of the different industries in which it may be found profitable to engage. Such a company would be of the greatest value in promoting the success of the settlement, though it must stand on its own commercial basis, and be entirely independent of the Government of this country and of British Columbia. The British Columbia Government would, however, entirely approve of such an auxiliary company."

It will be observed that Mr. BEGG does not forget to mention that the Crofters will require a market for their produce. He would have a company formed to that end. Does Mr. BEGG mean that this company shall range over the Dominion of Canada in quest of a market, or would he have it agitate for reciprocity? We can inform Mr. BEGG, Mr. GOSCHEN, the Dominion Government, and lastly our own, that if they will guarantee a market for all that can be produced on the West Coast, the question of immigration will settle itself. Give British Columbia a market for what she can produce, and private enterprise will do the rest. Until Canada succeeds in extending her markets, it is idle to talk of assisted immigration. The French are leaving for the States by the hundreds. Why not bonus them to stay at home? It is hard to have to throw cold water on Mr. BEGG's scheme, but to assist immigrants to this country is to assist them into the States. Our local market is not large enough to justify this kind of immigration, nor is it possible to extend it much if Mr. FOSTER's experience in Jamaica is worth anything.

WHAT BRAINS ARE BRINGING.

What brains are bringing just now should encourage men to cultivate them for all they are worth. Not long ago the editor of one of the largest periodicals in the United States offered CHAUNCEY DEPEW a yearly salary ary of $100,000 for five years if he would write his editorial page for him over his own name. DEPEW refused this magnificent offer. Another editor recently paid $10,000 for a single feature of his magazine, and the feature had to be worked out, involving a large additional expense. Ex-Senator INGALLS had two offers to take the editorial helm, one of $10,000 a year, the other of $25,000, to which latter offer was attached the proviso that he would write only three editorials each month. A single business literary idea—nothing startling, only unique—brought its creator $1000 and it will cost $25,000 to well advertise it. One periodical recently paid $2500 for a short story by a famous pen. Another magazine pays one of its editors several thousand dollars a year, and all traveling expenses, just to travel around, keep his ears open and his memorandum book full. So much for what brains are bringing, or rather it should be said, so much for those who have achieved fame or notoriety. DEPEW, as a railway president and an after-dinner talker, has distinguished himself Men are plenty who can write as intelligently on the questions of the day as can DEPEW, but they are not railway presidents and after-dinner orators. They have not achieved distinction. INGALLS made himself notorious as a phrase-maker and British Lion tail-twister. His lucubrations are valued at $25,000 a year, while really smarter men are hard pushed to make both ends meet. It is undoubtedly true that the men in question are brainy, but the fact of their having achieved notoriety largely accounts for the big salaries offered them.

MAINLANDERS NOT ALL ANTI-ISLANDERS.

TO THE EDITOR:—Having read a mean, contemptible piece of information in the Vancouver Telegram regarding your far-famed city, and as I am a Mainlander myself, I wish to say that the majority of Mainlanders denounce such trash, and look upon the one who writes such nonsense about a sister city either as a fool, a knave or an out-and-out ignoramus. One who has not the interests of British Columbia as a whole at heart, but like the dog in the manger, sits and snarls at something he cannot prevent. If people will not make Vancouver their home, why encourage them to go to Uncle Sam's dominions? There are other places in British Columbia where intending settlers can find good homes, and perhaps even better than they can find in the City of Vancouver.

Most of the blind and irrational excitements that disturb the tranquility of the public originate with some poor, weak and miserable man, who designates himself a "writer or correspondent" to some periodical or paper and appears to have no steady polar star by which to direct his course and must therefore launch his old hulk upon some troubled ocean, to be carried hither and thither by every current that may prevail.

I actually believe that the editor of the Vancouver Telegram is the old owl Mark Twain refers to "who could not see anything in the Yosemite Valley."

He can see nothing outside of Vancouver. He beholds Victoria, New Westminster, Chilliwhack, Nanaimo, Kamloops, Delta and other desirable places only through a smoked glass. Is it the suggestions of self-interest, the heat of party strife or the absence of fixed principles that gives rise to all this inconsistency?

It is the stupid editorials of such writers that cause the sectional feelings to spring up ever and anon between the Mainland and the Island, but which all right-minded men should denounce who have the interests of the Province at heart. I believe in the maxim of "live and let live," and if a party will not make his home in your city or district, advise him to go somewhere else, but not outside of the Province. The Province is large and if they cannot be pleased in one part they may be with another. So come everyone and we'll put you up some where in British Columbia, should be the cry of every true British Columbian to all new comers seeking for homes.

I will not attempt to describe your beautiful city, either in its ancient or modern features for the labors of travelers and tourists within the last few years, have done so much to illustrate these subjects that all I could say would be but the repetition of facts already known. Richly as Victoria merits all the talents of the antiquarian and artist and all the feelings of the enthusiast in former times, it must be confessed that the field is not a neglected one, and that abundant materials of art and knowledge have been drawn from this copious source of Nature's own treasures. Copious it may be called, since research here is still amply productive, and the traveler who can afford some time and expense may bring himself to see, without exciting controversy, which is the Queen City of British Columbia.

Those who expect to see Victoria as the Vancouver Telegram tells them, "a small fishing station on Vancouver Island, near Nanaimo," will find themselves agreeably mistaken in the reality of the scene. It is interesting to observe the combined relation of that wonderful grouping together of nature and art which gives its peculiarities to Victoria and renders the scenery of the spot something which is ever unique to the eye and recollection.

Here, if anywhere, there is a certain genius of the place which unites and gives a character and coloring to the whole; and it is worthy of remark, that this *genius loci* is one which most strikingly connects the Victoria of to-day with the old stand-by city of '58.

The climate of Victoria for the most part is clear, dry and temperate; very different from that which haugs over the city of Vancouver. The insular situation of Victoria and the nature of the surface, both contribute to this effect.

The state of the modern Victoria does not appear to be known to the people of the east. Even the editor of the Vancouver Telegram has taken fancy for a guide and drawn for himself a wretched fishing village with houses scattered among the rocks. Come, you veritable old owl and look (if you can see at all) at a large and flourishing city, well peopled and containing many excellent houses, aye, palaces, with various appendages belonging to the better stage of cultivated life.

There is a certain festivity about Victoria which does not equally belong to any other British Columbia town. Even the natives here seem to have lost something of their hardiness and become a people of quiet and inoffensive habits. I think it would do the editor of the Telegram a great deal of good to come here for only a little while and learn from your untutored native the arts of civility and truthfulness.

From whatever part of the world the traveller may arrive, he finds himself coming in a sort of home where various comforts may be obtained that are unknown elsewhere in this country.

I write to show that all mainlanders have not the same prejudices against the Island cities as shown by the editor of the Vancouver Telegram, but delight to tell strangers all about our beautiful cities of New Westminster, Vancouver, Kamloops, Nanaimo, and not forgetting the Capital, which we are all justly proud of.

Hoping that when the editor of the Telegram next writes he'll write looking through British Columbian spectacles, and not through those smoked glasses through which he cannot see beyond Vancouver. Thanks to you for your space.

A BRITISH COLUMBIAN.

THE INSPECTION OF SCHOOLS.

TO THE EDITOR:—It is extremely gratifying to note the parental solicitude of the Minister of Education for the welfare of our public schools. When four years ago, the Superintendent of Education was well nigh distracted with the cares and burdens which his official position imposed upon him, it was the minister who caused an inspector to be appointed to assist the superintendent in visiting the teachers and discharging the important clerical duties that had been found so laborious. Since that event the progress of education has been very rapid throughout the province, and as an illustration I need only refer to the City of Vancouver where, within the past four years, more than twenty new schools have been opened, and to the district of Cassiar which can now boast of as many school houses as it has representatives in the legislature. It is no wonder, therefore, that the minister felt encouraged towards the end of the session to ask the legislature to make provision for the appointment of a second inspector, to relieve the present officials of a portion of their heavy responsibility.

But what mean those ugly rumors that reach our ears? Can it be true that the new position is to be filled by a teacher who has been hurled from his high position, not by the Minister of Education, it is true, nor by the as yet embryonic council of public instruction but by a board of trustees whose indignation at the mismanagement of which they had long been cognizant had at length outworn their patience? It is to be hoped that those rumors have no foundation in fact, as no one will think it right to make the education department the dumping-ground of teachers of that stamp or to hold up such men as models for the guidance of our teachers. ALBERT EDWARD.

REDMOND ARRIVES

At Ottawa, and is Met by a Delegation of Irishmen.

OTTAWA, April 21.—William Redmond, M.P., Fermanagh, Ireland, arrived here at noon, and was met at the station by a delegation of prominent Irishmen. When asked as what course he would pursue while in the city, he replied that he was in the hands of the Irishmen of the city. A meeting will be held this afternoon to decide on what course to pursue. The majority are opposed to taking any official recognition of his visit, while they wish to give him such a reception as is due an Irish member of Parliament.

Paid the Penalty of His Crime.

CHARLOTTEVILLE, Va., April 21.—Wm. Muscoe, alias Wm. Jordan, who murdered policeman George J. Seal, this city, was hanged in the city jail yard at 9 o'clock this morning. He made a full confession of the crime in his cell a few minutes before execution.

A Winnipegger's Opinion.

The following is taken from a letter from Mr. D. Davis, Winnipeg, Man.: "Being persuaded to use Hagyard's Pectoral Balsam for a troublesome cough I was entirely cured by the use of two bottles."

April showers may be the forerunner of May flowers, and they are also certain to bring with them cold in the head, which if neglected, develops into catarrh, perhaps into consumption and death. Nasal Balm never fails to give instant relief, and will permanently cure the worst case of catarrh if faithfully used. Sold by all dealers.

We say it, the people echo it. The other merchants whisper it. What everybody says must be so. Martin sells cheap, 47 Johnson street.

NEWS OF THE CITY.

St. George's Dinner.

The St. George's Society will hold their annual dinner at the Delmonico on Thursday evening.

Canadian Order of Home Circles.

Canadian Order of Home Circles meets at the hall, corner of Bastion and Government streets, Wednesday evening at 8 p.m. 21

A Junior Four.

Mr. John Boyd will try to have a Junior four at the Queen's birthday regetta, and is now making preparations with that end in view.

Dance at Victoria West.

A social dance is announced to take place this evening in the Victoria West Hall when lovers of the mazy whirl will no doubt enjoy themselves.

Starts in the Morning.

The Islander will come out of the dock about five this evening by which time her propeller will have been repaired. She will leave as usual to-morrow morning for Vancouver.

Gone Home to Rest.

Quite a number of the legislators have gone home to rest after the labors of the session, while a few have stayed to enjoy a holiday in the city. All are glad that the session is over.

Neck or Nothing.

The arrangements for the production of this piece by the Nanaimo amateurs have been only for the present abandoned, but there is talk of the play being given early in May, though no date has yet been fixed.

Gymnastic Competition.

The Junior gymnastic class which Mr. John Boyd has conducted in the Y.M.C.A. during the winter, will hold a competition on Saturday next for a silver medal and other prizes. Mr. Boyd has brought his class up to a very creditable standard.

Death's Hand.

Supt. of Police H. W. Sheppard was called upon last night to mourn the loss of his wife, who passed away after a very brief illness. She was a native of this city, aged 34 years. Three little children are left to mourn the loss of a kind mother.

News of the Amphion.

Chief Sheppard has received a letter from a member of the Amphion staff, dated in the Mediterranean. The latter gives news of the officers and crew, who are all well. At the time of mailing orders had been received to at once proceed to the south coast of France where the Queen is residing for a short time.

The Wellington Assault Case.

Mr. Irving, of the firm of Bodwell & Irving, has gone to Nanaimo to conduct the prosecution in the assault case which recently took place at Wellington. It was expected that proceedings would be commenced to-day. The speedy yet peaceable arrest in the case reflects credit on Superintendent Langley and his officers.

Independents in Caucus.

The Independent members held a caucus last evening at the Oriental, and reviewed the work of the session. It is understood that there were mutual congratulations passed at the power the Independents claim to have made themselves in the House. It was also decided to map out a definite policy for next session. Who will lead?

At Temple Emanuel-El.

Services will be held at Temple Emanu-El at the approaching feast of Passover, Wednesday evening at seven; Thursday morning at ten; lecture at 11:30, on the subject, "Israel's destiny." Text from the Psalms, chap. 113, v. 10. 11. Thursday evening, at 7:30; Friday morning, at ten, and evening at 7.30; Saturday morning at 10 o'clock.

The Building By-law.

The case of D. F. Adams, charged with an infraction of the building by-law, occupied a large portion of the police magistrate's time again this morning. A number of witnesses were called, after which his honor remanded the case for one week, when he will render a decision. A. L. Belyea appeared for the defense and D. M. Eberts for the city.

A Representative Meeting.

The general celebration committee meet at the City Hall this evening, when the programme and other particulars in regard to the celebration will be disposed of. The meeting should be a thoroughly representative one, so as to make every preparation for Victoria's annual holiday. Hundreds of outsiders are waiting to hear what steps are to be taken, when they will prepare to spend a few days here.

Promises to be Redeemed.

In connection with the continuance of Mr. Pferdner's band at the hill on Sunday afternoons, several prominent citizens have promised the sum of $500, and for this with what may be contributed by others, Mr. Pferdner hopes to be able to ensure the band for the entire summer. It now only remains for those prominent citizens to redeem their promises, and send in their subscriptions to Mr. Pferdner or Mr Behnsen at John Kurtz & Co.'s, Government street, by either of whom due acknowledgment will be made.

He Very Wisely Decided.

Two farms are offered for sale in a hay growing district, and a purchaser comes along and finds that both farms are of equal size, and that the owners each ask the same price. The intending buyer learns, however, that A's farm yield's from 1 to 1½ tons more to the acre than B's, and without further hesitation buys A's farm. Diamond Dyes, so justly celebrated, and so thoroughly tested, do double the work of any of the crude makes offered by some dealers, and are sold at the same price as the common goods. Can there be a doubt regarding the choice that the ladies will make when buying package dyes?

A Quiet Dinner Party.

The prorogation proceedings yesterday relieved more than the members from arduous duty, and those relieved were the silent workers and watchers of the press galler. After a long and wearisome debate in the House, to which the reporter was forced to listen and glean the reportable points, Caterer Young's capitally brewed tea or coffee relieved the oppressed feelings and made work easier. Mr. Young bade farewell to the newspaper men for another year last evening at a quiet little dinner in the New England. Government and Opposition pressmen cordially toasted each other, and spent a pleasant time. Not the least important toast was the health of the genial Louis. Several of the Legislative members also graced the occasion with their presence.

The Railway Question.

The railway committee of the Board of Trade met this morning for a preliminary discussion, and talked the matter over. Nothing definite was arrived at.

Bazaar and Sale of Work.

The ladies of the Reformed Episcopal church opened their sale of work to-day under very auspicious circumstances. Philharmonic hall was made beautiful by a number of busy hands whose owners' fertile brains devised means of setting out most advantageously the many articles for sale. A well spread lunch table was visible, and many business men enjoyed the hospitality of the good ladies. Among those assisting were Mrs. Higgins, Mrs. Richardson, Mrs. Cridge, Mrs. Wilson, Mrs. Helmcken, Mrs. Dickinson, Mrs. Heathorn, the Misses Higgins, Jesse, Green, Wilson, George, Byrnes, Warlock and Mrs. McTavish. Miss Mouatt has charge of the musical arrangements. The following is the programme to be given this evening:

PART I.

1. Quartette, unaccompanied—"True Liebe," Baffle.....Messrs. Worlock, Wotton, Offerhaus, Galloway.
2. Song—"Spring".....Becker Miss Mouat.
3. Solo and Quartette—"No Toccran Campanas" Mesdames Higgins, Helmcken, Misses Pidwell, Mouat, Messrs Wottoon and Laundy.
4. Song—"Stirrup Cup".....Arditi Mr. Warlock.
5. Quartette—Piano and strings.....Mozart Miss Bodinhton, Messrs. Fielding Nash and Scroggs.

PART II.

6. Song—"Sleep, Lady, Sleep".....Sullivan Mrs. Gordon.
7. Violin Solo—"Air Varie".....Bode Mr. Nash.
8. Song—Sunshine and Rain".....Blumenthal Miss Cridge.
9. Vocal duet—"Estudiantina".....Lacome Mrs. Helmcken, Miss Mouat.
10. Grand duo, two pianos—"Bellisario" Gorin Miss Laura Adams, Miss Edith Wilson.
11. Soldiers' Chorus".....Gounod Choir of R. E. Church.

AN EVENING OF MUSIC.

The Ovide Musin Concert One of Classic Excellence, Surpassing all Expectations.

It is very rarely, and only very rarely, that musical or dramatic combinations visiting Victoria, ever equal their advertised merit. They are advertised in the superlative, the actuality seldom reaches even the comparative degree of excellence, although a feature of the Victoria press is to refrain from saying so. The more gratifying is it therefore, to have i to say, without any attempt at exaggeration that the Ovide Musin concert company have excelled all forecasts of what they could do as musicians.

The Victoria was well filled last evening with a fashionable and critical audience; when the merit of the concert is known, the audience that will greet the musicians to-night cannot but be a crowded one. The programme was short (amateurs will please take the hint), in fact it seemed too short, but it was of rare excellence. Mr. Eduard Scharf, who opened the concert with a piano solo from Rubinstein, is a pianist of rare skill. While excelling in the rare and difficult art of accompanist, his forte is in the role of soloist. His touch is very delicate, full of expression, vigor or tenderness, as the passage requires, and he seems to enter into the spirit of the composer, and interpret his meaning with a power born only of musical inspiration. Mr. Scharf was warmly recalled for his selection from Chopin & Raff, later on in the programme, and received such an ovation as is rarely tendered a pianist. Mr. Karl Storr is a baritone, not a virtuoso, but a musician who brings out well the capabilities of a good voice. Miss Inez Parmater is a young lady, who while adhering to the musical accuracy of the numbers, invests them, through a full and sympathetic voice, with a peculiar charm. She sang "A Summer Night," a fairly difficult piece, with smoothness and grace, for which she was so cordially rewarded that it became incumbent on her to return and let the audience hear her again. She sang a quaint old ballad this time, and it touched the hearts of her hearers as if by magic. Her articulation was almost faultless.

Miss Annie Louise Tanner, as an artist of vocal technique is unsurpassed; her articulation and expression are not so good, nor does she seem to profess that they are, her efforts having been confined chiefly, if not altogether to arias, whose technical difficulty and intricacy it took a vocal artist only to interpret with even common accuracy. The genuine burst of applause that greeted her on the conclusion of her number was ample demonstration that the audience to whom she sang was one that loved good music. She too responded with one of those old ballads.

About Ovide Musin, the wizard of the violin, much might be written. He might be most carefully criticized, but 'twould only be to reveal him in the glory of musical faultless. His first number was a *grande fantaisie*, founded on an old English hymn, whose quaint and pathetic strains, filled in with grand musical harmony of classic thought, made the beautiful old tune sound like strains of heavenly instruments. After all, the great masters of the early days did not take their inspiration with them to the other world. Musin has a soul of and for grand music, and he has the power of transmitting it to his instrument. The proverbial pin could have made a noise like a thunderbolt had it fallen in the theatre last night, as that magician stood and held his audience in a delightful trance. He made that violin speak as a dozen violins cannot. Handkerchiefs were conveyed to more than one pair of eyes, and yet it was not sorrow that seemed to prompt the tears. "It is very peculiar, the spiritual influence of grand music," said a lady coming out of the theatre. Musin is a virtuoso born. His execution is exquisitively artistic, full of originality and genius, combined with refinement and delicacy of conception not surpassed, if equalled, by any other living violinist.

To-night the famous Kreutzer Sonata will be given, and no doubt to a packed house. It would be well if people intending to hear this famous piece, which is long and very classical, would be in their seats by 8.20 o'clock, as it is the first number on the programme and the performance will commence sharply at 8.30

The programme is short, the company believing that the public can have too much of a good thing; but they were disappointed last evening, for the public doubled the programme with encores.

The new California pilot law compels coastwise vessels to pay pilotage the same as foreign craft. This is a hardship on the coasting vessels. It will affect the Angeles custom house to the extent that some of the coasting vessels will clear direct for 'Frisco instead of calling there and clearing coastwise, as heretofore.

CHILIAN WAR NEWS.

Rebel Ship Blown Up—Starvation in Valparaiso.

SAN FRANCISCO, April 21.—Private advices from Valparaiso by steamer from Panama this morning, report the blowing up of the wooden gunboat Pilcomayo, belonging to the insurgents. The Government commander, late at night, sent one steam launch fitted up as a torpedo boat, with the hope of getting rid of some of the ships blockading the port. The boat steered for a vessel supposed to be the Blanco Encalada, a big ironclad that has played havoc with the ports on several occasions. The launch crept closer to a cruiser, whose crew, never dreaming of an attack from that quarter, were trying to make out what was going on in the harbor where guns and rockets were being fired in order to attract the attention of the rebel ships. When close to the vessel it was discovered they were near the Pilcomayo, instead of the Blanco. It was too late to rectify the mistake, so the torpedo was sent on its mission of destruction. It struck the gunboat fair amidships and lifted her clear out of the water. The government claims that the entire crew of the gunboat, numbering one hundred and thirty-five men were lost. The rebels state that 30 of the crew, including the captain, were picked up by one of the boats of the fleet.

The poorer classes at Valparaiso are literally starving and have broken into stores all over the city in their efforts to obtain food. They have attacked the barracks, and were only repulsed after 30 of them were shot down by the soldiers.

A Valuable Stamp.

LONDON, April 18.—Postage stamp collectors will be interested in the fact that the most valuable postage stamp in the world was sold here this week. It is a Brattleboro, Vt., stamp, one of the small issues by a subsidiary postmaster, which preceded the general issue in America. It is of the 5 cent denomination, oblong in shape and buff in color, having the initials F.N.P. The price paid for it was $1250 and the purchaser was a well known English collector. The dealer who sold it came by it in a curious way. He bought a stamp album from a traveling American for a mere song, a few shillings, and was amazed long afterward on looking through it to find the rarest of all known stamps. He says it is the first and only one of the kind he has ever seen, though counterfeits are plenty.

Personal Liberty vs Physical Slavery.

We are all free Americans citizens, enjoying our personal liberty; but most of us are in physical slavery, suffering from scrofula, salt rheum or some other form of impure blood. Hood's Sarsaparilla is the great blood purifier which disolves the bonds of disease, gives health and perfect physical liberty.

AUCTION SALES.

VIEWFIELD

J. P. DAVIES & CO.

Have received instructions from THOMAS R. SMITH, ESQ., Assistant Commissioner, to sell by

PUBLIC AUCTION

—ON—

Thursday, May 14th,

AT 12 O'CLOCK NOON,

At Salesrooms, Wharf street, a number of plots of land located at

VIEWFIELD

The Puget Sound Company's land at

MACAULEY POINT

The finest and best location for residences adjacent to Victoria.

VIEWFIELD

forms the Western Shoreline of Victoria, Harbor, commencing at C Battery Barracks, and takes in the whole of the water frontage to the South and West, to the adjoining Section. It has been subdivided into plots of land containing about one acre each. Much of the shore line is rocky, having many small bays with sandy beaches.

VIEWFIELD can be favorably compared to BEACON HILL, the pride of every Victorian. It has the same sandy soil, grassy lawns, rich bottom lands, with clumps of timber, but above all it has without compare the finest views of FUCA STRAITS, UP SOUND, the SNOW-CLAD OLYMPIC MOUNTAINS, exceeding even Beacon Hill in its view, in that it has a view of the City of Victoria.

VIEWFIELD is not subject to the prevailing western winds Albert Head acting as a windbreak.

The Puget Sound Land Company having completed the survey of VIEWFIELD, have under contract the thorough making, draining and gravelling of 60-foot streets.

They have rejected all offers of purchasers, deciding to first sell VIEWFIELD by PUBLIC AUCTION limiting the number of plots to be sold.

VIEWFIELD has the advantage of having the Esquimalt Waterworks system to supply it with the best and purest water on the coast, and under good pressure.

VIEWFIELD has facilities for rapid transit to Victoria on Esquimalt, by the cars of the National Electric car system.

VIEWFIELD is to-day the most desirable and will be the fashionable residence property outside the City of Victoria of which it is a suburb.

Full particulars of sale will accompany the lithographed maps now being prepared; ⅓ cash, ⅓ one year, ⅓ two years; interest on deferred payments at the rate of 7 per cent. per annum. Deeds at purchasers expense.

SUNDAY BILL DEBATE.

THE PREMIER AND ATTORNEY-GENERAL ARE PERSONAL.

Hon. Mr. Robson says that His Colleague's statements are "Wilfully Untrue"—Hon. Mr. Davie is Grieved at the "Wanton Attack"—Extraordinary Language.

The debate on Wednesday evening last, on Hon. Mr. Robson's Sunday bill, was a most remarkable one. The speeches were not lengthy, but they were marked by considerable feeling, and the extraordinary spectacle of a scene between two cabinet ministers gave additional interest to the proceedings. Our reporter's notes of the debate, which was condensed in our columns on the day following, were preserved, and as a number of our readers have expressed a wish to know what actually did occur, we append a pretty full synopsis of the remarks of the Premier and Attorney-General. Apart from the merits of the question of Sunday observance altogether, the "scene" was a most unfortunate one; indeed, if both gentlemen were sincere, and were not simply talking to the galleries, it will be impossible for both to remain in the cabinet and retain their self-respect. The portion of the debate referred to was as follows:

Hon. Mr. Robson—I can't understand why the Attorney-General sets himself in opposition to legislation of this kind, such as is in force in Australia and the other Provinces.

Hon. Mr. Davie—The Sunday law has been abolished in many States of the Union.

Hon. Mr. Robson—It is very easy to make rambling, raving statements. But exaggerations such as these are outrageous. There may be occasionally places where the law is not carried out. There are places where all the crimes in the calendar are committed, but that is no reason why crime should not be legislated against. To say in the bold, unqualified manner the Attorney-General has done, that all the hotels violate the law is saying what he does not know, or wilfully saying what is untrue. I do not say whether he knows or not, but he cannot know from his own observation. When he says that they are abolishing the Sunday law in the States of the Union, it is not true. There is not a single state that is abolishing it. It is true that there are seven states which have no Sunday law, but there is no going back at all. I am astonished and ashamed that a member of the House—a member of the Government particularly—should have made such unfounded and unjustifiable statements.

Mr. Martin—I appreciate the motives of the leader of this House; but one ought to do as we would be done by. It is going back a hundred years, indeed, farther back than that, to the days of Queen Elizabeth, to legislate as the Premier wants hon. members to do. Let a man do as he like on a Sunday. I say let him go to church and be religious if he choose, and let him not be made fun of for doing do. Let him go shooting if he likes. I don't believe in interfering with the liberty of the subject. I am just as religious a man as any in this House, yet I and the member for Kootenay have been held up in the churches and declared to have no right to seats in this House. I know of a clergyman in Victoria who is always preaching abstinence, yet I know that the believers have been in the habit of taking beer to his house after dark. It is not fair for gentlemen in the pulpit to hold up members to public execration. Nobody has a right to talk about me and my fellow members as some people have done.

Mr. Booth—I agree with the leader of the Government. What the Attorney-General has said is not true. There may be some small dens which are kept, like Free Masons' conclaves, where liquors are sold on Sundays; but as a rule the law in Ontario is carried out.

Hon. Mr. Davie—I do not like to obtrude my own views upon the House, but in answer to the gentleman who has just spoken I will repeat that what I said is the truth. Moreover, he can ask anyone who goes to Ottawa if what I have said is not true. As for the Premier, if he chooses to brand me as a liar, if he thinks conduct such as his is seemly, all very well. I have been surprised and grieved that he should have made so wanton an attack on a colleague. If he will inquire he will find that I have not exaggerated at all in speaking as I have done. I know what it was in Ontario and at Ottawa when I was there.

Hon. Mr. Robson—I don't deny that it is possible to find disreputable houses; but I affirm that what the Attorney-General has said is one of the grossest caricature on those people. I know my honorable friend can find such places as he describes, and go into them, if he likes, but they are few and far between. It is a gross slander on the other Provinces to say what he has said, and it is impossible that it should be so under the system that exists.

Hon. Mr. Davie—But it does.

Hon. Mr. Robson—It does not.

Col. Baker—If it be true that honorable members have been held up in the pulpit to the contempt of the public, we have a strong argument against this Bill. I don't know who did this.

Mr. Keith—It was Rev. Mr. McLeod.

Col. Baker—I don't care who it is. It is utterly impossible for any body of gentlemen, or reverend gentlemen, to legislate people, not into Christianity, but into belief in any of his ideas. All nationalities have different ideas as to keeping the Sabbath, but are we to be dictated to by rev. gentlemen on the subject? I think the Sabbath is observed here in a decent manner, and we have already sufficient law to punish unseemly conduct on the Sabbath. The people will rebel against it, if they are to be dictated to in this way from the pulpit.

After further discussion, during which the Attorney-General said that politics ought to be kept out of the pulpit, there was, he continued, no necessity for a clause in a bill to make Sunday respected. It was a legal holiday, and always would be, so bills of this kind are entirely unworkable. With people in the mines, Sunday is their day for trading. The discussion on this measure, the Attorney-General described, was simply trifling. It is a wicked waste of time. The Hon. Premier must see that the House had no intention of passing this bill, and he should withdraw it.

The Premier intimated that it had been proposed by one of the leading lawyers in the Province. He said that after what had been done, and the disposition there was among hon. members to make amendments to the bill, he should support the proposal that the committee rise.

Telegraphic Briefs.

One of the Canadian Pacific car shops near Montreal, was destroyed by fire this morning. Loss, $900,000; fully insured.

It has been decided to strengthen the fortifications of the Thames and to erect a new heavy battery at Sheerness. All the river forts are to be supplied with new guns of late and approved pattern. It is hoped that these precautions will silence the croakings on the inability of England's floating walls to protect the country from invasion.

A Roman gentleman informed a London correspondent that, while he hated and despised the Mafia, he recognized that the vendetta was inevitable and that the leaders in the American tragedy would die by violence sooner or later, though perhaps not for two or three years. He said that this was the chief reason in Italy for punishing murder with imprisonment instead of death, as vendetta had always followed the capital penalty.

Astonishing but True.

The following story can be vouched for by four persons in the City of Montreal, as well as by the family of the subject of this article. According to promise we withhold all names, but give to the public and those interested the plain and truthful facts of a most remarkable case. Mr. ——, a well-known hardware salesman, was for over eighteen months terribly afflicted with nervous prostration and twitching of the muscles. Mental depression ensued, which brought with it a failing memory, a forgetting of faces, names and facts. Two of the best physicians were consulted, but after weeks of attendance the sufferer's condition was not improved. The family were recommended to try Paine's Celery Compound, which, after having been used for about eight weeks, produced a most decided change for the better. The nervousness was banished, and there was no more twitching of the muscles. Sound and refreshing sleep was found, instead of nights of wakefulness; and in four weeks more a retentive memory and clear brain was obtained. This is not an isolated case. Paine's Celery Compound has done, and is still doing, what ordinary physicians are unable to do. There is hope for all who suffer like this hardware salesman, when this great and effective remedy is used in time.

Census of Canada—Notice.

Census enumerators will commence on Monday 19th April, provided with schedules to enumerate the people, the real estate and products of the country. It is an onerous task for them, requiring great care, and they need the kind assistance of every one. The information required is important for the general interests. The questions they are required to ask are not of an inquisitorial character, and do not in any sense pry into the private or personal business of any one. Each enumerator is sworn to secrecy and no one will be allowed to inspect the schedules except the sworn officers, therefore it is expected that all patriotic and intelligent people will be prepared to answer the questions freely, and do all they can to assist the enumerators in performing their duty.

THOROUGHBRED STALLION

"KISBER"

will make the season of 1891 at the Victoria Jockey Club Race Track, Victoria,

Kisber by imp. Billet (sire of Volturno, Miss Woodford—2 mile heats, 3.33, 3.31), best on record—Lizzie S. Haceland, etc.) by Voltigeur (winner of Derby and St. Leger) and sire of Vidette (winner of 2000 guineas), sire of Gardevisure (winner of Cambridgeshire), Speculum (winner of City and Suburban), Galopin (winner of Derby and sire of Donovan, St. Simon, Galliarn, King Galop, etc.) out of Miss Knight by imp. Knight of St. George (winner of St. Leger), by Irish Birdcatcher, second dam Evelyn, by American Eclipse (sire of Medoc, Zenith, Lady Relief, (Sanoliah, Mungo, Fleranthe, Counterplot, Kosmouth, Eclipse, etc.) 3rd dam Hatina Marie, by Gohanna. Further see Bruce's Stud Book, or apply to the undersigned.

DESCRIPTION.

Kisber is a handsome brown bay, 15.3½ hands high—a well formed and finely finished horse, with plenty of bone and excellent action, possessing a perfect temper, intelligent, level headed and game. Backed with three crosses of stout Whalebone blood through Sir Hercules and Touchstone. An analysis of his blood lines shows not a single cross not noted for speed and endurance.

TERMS FOR 1891.

$35 for the season payable at time of service with privilege of return in season of 1892 in event of mare not proving in foal and not having changed owners.

KISBER STAKES—OWNER'S OFFER.

A stake of $300, with $10 entrance fee to be added to stake (upon condition that 25 mares be bred to Kisber on above terms this season) to be run for in 1894—open to 2 year olds, the get of Kisber—stake divided, 70% to 1st, 30% to 2nd horse—5 furlong dash—weight and date of race announced later.

NOTE—The winner of any Stallion Produce 2 Year Old Stakes is not barred from the Queen's Plate and Derby.

NELSON NOTES.

Latest Mining News—Sale of Mines—Increase in Price of Nelson Lots, &c.

C. W. Busk returned to Balfour this week from England, where he spent the winter. He was accompanied by his brother, Robert W. Busk, lately of Cape Town, South Africa.

Word was received at Nelson this week that the gravel miners in Granite Creek, Yale district, are doing well. One company is reported to be taking out 20 ounces ($360) to the set of timbers.

The construction train on the Columbia & Kootenay is running between Sproat and the Slocan, with a gang engaged in putting the roadbed in shape for traffic. As soon as spikes can be got down from Revelstoke track-laying will be resumed.

An eighth interest in the Boulder hydraulic claim on Forty-nine creek, together with interests in several undeveloped prospects, was sold this week for $900—$700 of the purchase money being cash. N. Riopel and J. P. Lamotte were the purchasers and Edward Barker the seller.

Thomas McVittie, a surveyor who has been over the land reserved in the valley of the Kootenay for the Grohman colonization and reclamation company, says that in surveying 43,000 acres of land he found less than 1000 acres fit for cultivation. He is of opinion that the only way the land can be reclaimed is by dyking it.

The sawmills of the lake country have agreed on the following prices for the product of their mills, delivered at either Nelson, Ainsworth or Balfour: No. 1, common boards, $20. No. 2 $15, culls $12, 4-inch flooring and ceiling $32, 6-inch $27, rustic $27, select clear D.D. $40, No. 1, common D.D. $27, No. 1 common D. $25, moldings from 2½ to 12½ cents per lineal foot, shingles $4.50.

The sale of the Dandy at figures not far from a quarter of a million, and to an experienced mining man at that, has stiffened the price of real estate in Nelson. This week lot 4 in block 1 was sold to a Butte man for $1250, and $1500 refused for a lot in block 11. Lots 12 and 13 in block 15 changed owners. An offer of $1000 for four lots in block 14 was refused, three in the same block selling to a Vancouver man for $275. A non-resident, but one of the largest owners of real estate in the town, offers to wager $1000 even that Nelson will have a population of 5000 within two years.

The sale of the Iroquois, closely followed by that of the Dandy, has infused new life in the owners of mines throughout the Kootenay Lake country. A. M. Esler paid $175,000 for the Dandy, a claim on which a shaft has been sunk about 40 feet, and a tunnel run about the same distance. The Dandy is not the best-looking mine in Toad Mountain district, but it is the first westerly extension of the Silver King, now known to be the richest mine in America for the depth attained. At a depth of 162 feet, over $1,000,000 worth of ore is exposed—more than was or is in sight in any mine in America at the same depth. A. M. Esler, the purchaser of the Dandy, is a practical mining man, and is associated with Montana men of large capital. It was he and his associates who had the "nerve" to take hold of the Bunker Hill and Sullivan mines at Wardner, Idaho, after the properties had been rejected by mining men in San Francisco, Denver, Chicago and Omaha, as too low-grade propositions to pay to work. Within 90 days after taking hold of these properties, he had a concentrater in operation, and from that day the Cœur d'Alene country took rank among the bullion producing camps of Idaho. Within 90 days machinery will be on the Dandy, and if coke can be got into the country, a smelter will be in operation within six months.

Union Meeting.

At a meeting of the furniture workers, held last evening, it was decided to join the Federated Trades Union, and the president, T. B. McAndrew, A. E. Duncan, and J. M. Russell, were appointed representatives to the Trades and Labor Council. Another meeting will be held on Thursday next, when a committee will be appointed to wait on the employers in regard to shortening the hours of labor.

Callies' Christmas.

All the preparations are now ready for the above delightful operetta which will be given at the Philharmonic Hall on Monday evening next at 8 o'clock. This ought to be well patronized by everyone in Victoria as it is the first children's opera ever introduced here; all the performers being under 15 years of age. The admission only 25 cents.

The poets sing, in dainty rhymes,
Of summer days and sunny climes,
Of beauteous maidens passing fair,
With witching eyes and waving hair,
Pill, near the end, you're apt to see—
'Tis but an "ad" for P. P. P.;

that is, Pierce's Favorite Prescription, the infallible and guaranteed remedy for all kinds of female weakness, which cures the ailments of feeble, "run-down" and debilitated women, and restores them to youthfulness once more. The price of this royal remedy, Dr. Pierce's Favorite Prescription, is but $1.00 a bottle, and money refunded in every case if it doesn't give satisfaction. See guarantee on bottle-wrapper.

Spring Cleaning.

Be particular every spring to clean the house, but never mind cleansing the the blood until some troublesome disease takes hold of you. This is poor policy when, by using Burdock Blood Bitters, the blood will be thoroughly cleansed, the body strengthened and future suffering prevented.

Tourist Spoons and Opera Glasses.

Mr. A. A. Clayton, of the Diamond Place, Government street, has now completed and ready for inspection, a large stock of tourist spoons, suitable for souvenirs of Victoria. In the bowls of the spoons are etched scenes of the Gorge, Dunsmuir Castle, Mount Baker, and other pictures of Victoria scenery. He has also just received a consignment of beautiful opera glasses, in pearl and Russia leather, which are pronounced the finest ever imported to this city.

Sustaining Capacity of the Great Republic.

According to a recent census bulletin, the ratio of land and water surface is 98.16 and 1.84 per cent. respectively. This bulletin also gives the area of the States and Territories by counties, and the classification of the latter by sizes. The average number of persons to each square mile of the land surface of the Union is 21.08. As illustrative of the sustaining capacity of the United States, the bulletin says that if Texas, the largest State in the Union, was as thickly populated as the State of Rhode Island, it would have 83,523,628 inhabitants, while if the United States had a density of population equal to that of Rhode Island, the population of the Union, instead of being 62,622,250, would reach the enormous sum of 945,766,300, or nearly two-thirds of the present population of the world.

King of Medicines

A Cure "Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed 6 years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon decreased, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

COAL

The New Vancouver Coal Mining & Land Co., L'd.

(FORMERLY THE VANCOUVER COAL CO.),

ARE THE LARGEST COAL PRODUCERS ON THE PACIFIC COAST.

THE NANAIMO COAL | THE SOUTH FIELD COAL

(Used principally for Gas and Domestic Purposes). (Steam Fuel).

THE NEW WELLINGTON COAL

(House and Steam Coal) are mined by this Company only.

THE "NANAIMO" COAL gives a large percentage of Gas, a high Illuminating Power, unequalled by any other Bituminous Gas Coal the world, and a superior quality of Coke.

THE "SOUTH FIELD" COAL is now used by all the Leading Steamship Lines on the Pacific.

THE "NEW WELLINGTON" COAL, which was introduced early in the present year, has already become a favorite fuel for domestic purposes. It is a clean, hard coal, makes a bright and cheerful fire, and its lasting qualities make it the most economical fuel in the market.

The several Mines of the Company are connected with their Wharves at Nanaimo and Departure Bay, where ships of the largest tonnage are loaded at all states of the tide. Special dispatch is given to Mail and Ocean steamers.

THE ABOVE WORK IS THE OUTCOME of the recent Moral Reform Movement which took place in the Capital City of British Columbia, and which played such an prominent part in the late Municipal Elections held there. The author discusses the various phases of the question, and has endeavored to deal with the subject in a manner that will be interesting and some practical benefit to every reader into whose hands his book may fall. The position taken by the Ministers of the Christian Churches in regard to the Municipal Election above referred to is also fully dealt with, and although the criticisms may seem severe to some, the author hopes the conclusions drawn and the desire he has shown to do a service, no matter how slight it may be, to the weak and fallen, will meet with the approval of all lovers of justice and humanity.

SOME UP-COUNTRY NEWS.

A Social Affair at Quamichan—La Grippe up Country—Farmers's Prospects.

Rev. Father Van Nevel is down from Quamichan on a visit to the city. The reverend gentleman reports his own work progressing very satisfactorily.

Last Sunday was a great day at Quamichan. There was a wedding, Father Van Nevel tying the knot, between two members of his Indian flock. The band was present, playing in public for the first time, and it played remarkably well. Mr. William Thompson, who also trained the Kuper Island band, is the leader of this institution, and considerable credit it reflects upon him. After the ceremony there was a sumptuous repast, enjoyed at the home of the bride's father. The Indians in this section are very well conducted, and are rapidly adopting European habits and customs.

The Cowichan mill is working regularly, and the Chemainus mill is expected to start by the end of the present month. Efforts are being made to get back to the river the logs swept away during the recent flood.

Mr. Daley has had the Quamichan Hotel entirely refitted for the tourist season, and as there are plenty of fishing facilities, especially in the Cowichan River, this season is looked forward to as one that will be marked by a good deal of tourist travel. Quite a number of fishermen have made their appearance already.

Lagrippe has made itself severely felt on Salt Spring Island and Kuper Island, but happily no deaths have resulted. The Industrial School at the latter place is going ahead rapidly and doing much good among the Indians of the district. The building is fully occupied. It is expected that the Government will ere long increase its scope of operation. The Indians are very apt scholars, and those enjoying the privilege of tuition incite the others to a desire to be taught, consequently there are more applications for admission than the management of the school can meet.

Mr. Jones is building a hotel at Duncan's station.

The farmers of the district are hard at work, and look forward to a good season.

Rev. Father Van Nevel leaves to-morrow for Main and Tumbo islands, afterwards returning to Quamichan.
